STATEMENT OF PROBABLE CAUSE

ARREST ON TRAFFIC/NATURAL RESOURCES/MASS TRANSIT CITATIONS/CRIMINAL CHARGES/MUNICIPAL ORDINANCES/PUBLIC LOCAL LAWS

On Friday, January 27, 2023 at 1506 hours, I responded to Calvert County Health Department located at 975 N Solomons Island Road, Calvert County, Prince Frederick, Maryland 20678, for the report of a disorderly male.

Upon arriving on scene, I noticed on the front door window, a sign that stated, "This Facility is a HIPAA-Covered Entity, As Required by Federal Law, to Ensure Patient Privacy: No Video or Audio Recordings or Photographs Are Allowed." I walked inside with Cpl. Mitchell and I noticed a white male with a GoPro and cell phone recording inside the business. DFC. Bradley, DFC. Lewis, and Captain Canning were inside with the male. The male refused to identify himself to the police units on scene. Dr. Laurence Polsky (the Health Officer at the Health Department), advised the male he can stay in the building if he stops recording. The male never stopped recording and refused to leave the premises.

Captain Canning was on the phone with State's Attorney Bob Harvey and State's Attorney Tim Maher and they both advised Captain Canning the male was not allowed to record within the Health Department per the posted signs on both entry ways in the front of the building. Captain Canning and Cpl. Mitchell made the male aware he

was not allowed to record within the facility. The male wanted to continue to argue with Captain Canning and Cpl. Mitchell advising he had the right to record within the facility. The male was advising he would leave once he could turn in his document to the desk. The male also stated he was assaulted by one of the employees. He advised the employee "grabbed" his camera from him. I asked the male if he needed an ambulance for his injuries and he advised he may need one and walked away. Captain Canning and Cpl. Mitchell advised the male multiple times to stop recording within the facility. The male eventually turned in his paperwork and exited the building.

The male came back into the business and was still recording. The male was requesting the name of the employee who assaulted him. He was told the individual was Dr. Polsky and to use the business address. The male was requesting more information on the individual. The male was advised to leave the building because he had all of the information that he needed to prefer charges and he had no lawful business being there and recording. The male refused to leave, therefore he was placed under arrest for trespassing and fail to obey a lawful order. The male then was asking for an ambulance for his injuries. When asked what was hurting, he said his entire body from the assault. The male kept asking for an ambulance and stated he was feeling light headed. We requested one of the doctors within the Health Department to come out and assess the male. The male then started to scream and stated "that's the doctor" who assaulted him. The male then dropped to the ground. The male was immediately placed into recovery position and he refused to respond to our inquires. The male had a pulse, was breathing, and a sternum rub was performed. The medic arrived on scene and the male was assessed by the medics. The medics evaluated the male and the male stated his name was "John Cena." While on scene, I was able to identify the male. The male was identified as Terance Albert Falter (12/08/1991).

Falter's filming within the Health Department was causing a disturbance and was disruptive to the clientele. He prevented the Health Department from protecting the HIPPA rights for the clients in the building by continuing to

film and by not leaving the premises after not having any lawful business to pursue.

While we were on scene with Falter, multiple viewers of his livestream were calling into the Sheriff's Office inquiring about our dealings with Falter as they were occurring. This is indicative that Falter was recording within the Health Department, live. I could also observe Falter talking into his phone answering comments/questions his viewers were posting.

The male was transported in ambulance to Calvert Health Medical Center. While at the hospital, Falter refused all medical care. Falter was then transported to Calvert County Detention Center. Falter was served all appropriate documentation.

A witness statement was completed by Dr. Polsky and turned in with the case file along with photos of the posted signs. A copy of the document Falter gave the Health Department was submitted with the case file. Falter's two GoPros and his iPhone were placed into property as evidence. Property number SDP-52561.

All events occurred in Calvert County, Maryland.
